REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The application is free of the prior art, in view of the judgment by the Board of Patent Appeals and Interferences indicating that Zyzak "was both first to conceive and first to reduce to practice the subject matter of the count [i.e., count 1]" and that "priority of invention lies with" Zyzak."

In addition, the application is free of the prior art in view of the filing of terminal disclaimers to overcome the obvious double patenting rejections over applications 10/606137 and 11/090570; U.S. Patent No. 6989167.

Applicants' arguments with respect to the rejection under 35 U.S.C. 101 as claiming the same invention as that of claim 53 of copending Application 10/60613, that the two claims are not identical subject matter has been considered and is deemed persuasive. Claim 53 of copending application 10606137 is not identical in scope to claim 10 of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to VIREN THAKUR whose telephone number is (571)272-
